

INSTITUTO DE INVESTIGACIÓN CONTRA  
LA LEUCEMIA **JOSEP CARRERAS**  
*Por un futuro sin leucemia*

*The IJC is a non-profit making organization and an equal opportunities employer*

### **Ref: 13/E/01: LAB MANAGER POSITION**

The Josep Carreras Leukemia Research Institute (IJC) has been recently created as a new research institution with a multidisciplinary focus on basic and translational hemato-oncology. The IJC has lab space in two Campus within Barcelona area: Germans Trias i Pujol and Clinic Hospital-Medicine School. The IJC offers fully-equipped lab space and cutting edge facilities including animal facility, genomics unit, confocal microscopy, high-throughput flow cytometry, cell sorting, large tissue culture and GMP rooms, etc. The main areas of interest include, among others: animal models of disease, molecular, cellular, genetic and epigenetic mechanisms underlying the disease, normal and leukemic hematopoiesis, hematopoietic transplantation, GvHD and transplant-related morbidity, cord blood expansion, immunotherapy, mesenchymal stem cell biology, and rug resistance, testing and development among others.

The IJC laboratory located at Clinic Hospital-Medicine School is willing to recruit a Lab manager. The successful candidate will collaborate with physicians, and work under Pablo Menendez supervision. Candidates are expected to join the Institution in September-October 2013.

#### **What does IJC offer?**

- 3-year contract renewable upon funding availability
- Salary commensurate to qualifications.
- Well-equipped laboratory space.
- Outstanding scientific environment: IDIBAPS, Facultat of Medicine, Hospital Clinic.
- Excellent opportunity to interact with physicians, translational and basic researchers on a routine basis.

#### **Desired profile of the Lab Manager:**

Scientific motivation, enthusiasm and eager to learn new techniques.

Outstanding organizational and communication skills to liaise with investigators, physicians, purchasing department, suppliers, etc.

Pro-activity, flexible, open-minded and a team player capable of working in a dynamic environment.

INSTITUTO DE INVESTIGACIÓN CONTRA  
LA LEUCEMIA **JOSEP CARRERAS**  
*Por un futuro sin leucemia*

Demonstrable experience in tissue culture, primary blood handling, microscopy, histology & flow cytometry.

**How to apply:**

If you are interested, please send your application to
